Profile

Alpha 1 Legal Services provide comprehensive national coverage for all aspects of commercial, corporate and private investigative matters and information/intelligence gathering.

Alpha 1's CEO and principal investigator has an extensive background in intelligence gathering and collating that information gleaned with 13 years of military service.

He is backed up by professional operatives, who have gained their knowledge in either the military, police or security services.

Here at **Alpha 1** we provide solutions to your problems, our commitment to providing you with these solutions is unrivalled, which is substantiated by our ever increasing client base.

Process Serving

Process serving is the so called 'bread & butter' here at **Alpha 1 Legal Services** and we believe we are second to none with the results we achieve for our wide client base.

Typical documents served:

- Non-Molestation Orders
- Suspended Committal Orders
- Divorce Petitions
- Statutory Demands
- Bankruptcy Petitions
- Winding-Up Petitions

Tracing (Person/Assets)

Tracing is an art, and here at **Alpha 1 Legal Services** we believe we have mastered it!

We utilise 7 databases that are legally obtainable, as well as our network of agents worldwide, to help in tracing the person or assets that you are interested in.

Personal Injury

Be it a civil (Personal Injury) or a criminal matter (Theft, Fraud etc) we at **Alpha 1 Legal Services** have the experience when tasked to professionally and correctly take that statement for your case or action.

Road Traffic Collision

Here at **Alpha 1 Legal Services** we have for some time now been supplying our clients with the so called 'slip and trip' location reports, photographs and sketch plans.

We have more recently been asked to visit sites of Road Traffic Collisions (RTC) to take photographs, survey the scene and provide detailed sketch maps of the location for claims and court action.

Surveillance

Alpha 1 Legal Services provides operatives for both urban and rural taskings. Surveillance, described as being the monitoring of the behaviour of individuals or groups, often in a surreptitious manner to gain information.

Alpha 1 Legal Services utilise the latest camera/tracking equipment to get the results you require.

Pre-Litigation Reports

Often individuals and companies need to gather and collate information to help them before entering into legal proceedings in either a Criminal Court, a Civil Court or more often these days an Industrial Tribunal.

Here at **Alpha 1 Legal Services** we can take the pressure away from yourselves, allowing you to concentrate on the case in hand.

Enquiry Agents

We are staunchly dedicated to the legal profession and our corporate clients, and, are focused on offering a wide range of legal support services, delivered to the highest standards, and at very competitive rates.

Vehicle Tracking

Here at **Alpha 1 Legal Services** we firmly believe that GPS / GPRS / GSM vehicle tracking can be a very cost effective way of managing your assets, and can provide that vital information, whether it be for matrimonial reasons, peace of mind, or commercial reasons i.e. tracking your workforce.

Commercial Rent Collection

All this is completed without any cost to you the landlord, as all our fees are charged to the tenant who is in arrears, except in the case of forfeiting the lease, which incurs a charge to landlords.

Traveller Evictions

When you discover that travellers / trespassers are on your land, one simple telephone call will remedy the problem, our specialist eviction team of bailiffs will attend the site, serve them with notice to leave under The Criminal Justice & Public Order Act 1994 or alternatively, Common Law, giving them 24 hours to vacate the site.

If after the allotted time they are still there our specialist team will return to the site and supervise the removal of the travellers / trespassers vehicles and possessions.

This procedure is much easier & faster than going through the Courts for a Court Order to have them removed.

Debt Recovery

Here at **Alpha 1 Legal Services** we specialise in recovering both consumer and commercial debts, not only in the UK but overseas too!

Our dedicated, focused team of debt collectors have collectively over 10 years of experience in dealing with all kinds of debt collection/recovery regardless of the age or value, We have a cost effective way of ensuring you receive the best possible results.
